

VoltGuard - Physics-Aware ICS/SCADA Security Report

VoltGuard — Physics-Aware ICS/SCADA Security Report

Generated: 2026-08-29T10:38:04+00:00

Selected period: 6h (2026-08-29T04:38:04+00:00 to now)

Security summary

Packets: 0

Decisions: ALLOW 205 | ALERT 53 | BLOCK 1

High-risk events: 1

Risk: average 25.5, max 92

Physics: 0 readings | 0 anomalies

Protocol statistics: {'Modbus TCP': 208, 'Unknown': 51}

Modbus statistics: {6: 53, 16: 52, 3: 52, 5: 51}

Major incidents:

- 2026-08-29T10:30:02+00:00 | BLOCK | risk 92 | Pressure upper safety violation
- 2026-08-29T10:30:25+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:25+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:25+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:24+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:24+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:24+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.
- 2026-08-29T10:30:23+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.

- 2026-08-29T10:30:23+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.

- 2026-08-29T10:30:23+00:00 | ALERT | risk 65 | Policy 'Alert on Medium and High Risk Traffic' (ID: POL-005, priority 40) matched. Alert on any Modbus traffic with MEDIUM or HIGH risk level that has not been handled by a more specific policy. Allows operator review without automatically blocking. Day 4 risk score: 65 (severity: MEDIUM, Day 4 recommendation: ALERT). Enforcement action: ALERT.

Recommendations:

- Review blocked commands and validate controller authorization.
